

The Land Transport Management Act

and other related considerations

*Dr Bruce Hucker
Deputy Mayor, Auckland City*

Auckland City Council Goals

- International 21st century pacific rim city
- More just, more sustainable and more participatory
- Local Government Act 2002: Sustainable development and four well-beings

Strategic Committee Structure

- Each well-being located in a particular committee
- Co-ordination and integration in Urban Strategy & Governance

Leading in Urban Sustainability

- The right urban form
- The right transit system
- A smaller footprint on the earth
- An engaged community
- An inclusive community
- A flourishing economy

Dealing with Growth

- Auckland City an extra 141,800 people by 2021
- Auckland Region 2,000,000 people as early as 2040
- 19 areas identified as areas of change
- need for negotiations

Draft Avondale's Future Framework

- Leading in Urban sustainability themes – surrogate for quadruple bottom line approach
- A Strategic Environmental Assessment
- Or a Health Impact Assessment?

Conclusion

- Avondale's Future Framework an excellent Model
- Test : Quality of its implementation
