

# The Existential Challenge

How might  
Impact Assessment  
deal with  
the long tail/tale of colonisation,  
intergenerational injustice &  
protracted racism (*personal &*  
*institutional*)  
against  
indigenous peoples?

# The long tail/tale : locating IA *in* colonial history

land & resource theft, indigicide,  
intergenerational trauma, social  
deprivation, social inequity,  
economic deprivation,  
environmental degradation,  
political marginalisation
